OUR MISSION

Protecting People. Safeguarding Buildings. Delivering Confidence.

At Detect & Protect, our mission is simple —
to deliver high-quality, fully compliant fire protection
solutions that protect lives, property, and communities
across the UK.

WHAT DRIVES US

- ✓ Delivering right first time solutions with no compromise on quality
- ✓ Ensuring full compliance with Building Safety Act 2022 and British Standards
- ✓ Providing a seamless, end-to-end service from design through to handover
- ✓ Supporting our clients with expert advice, transparency, and reliability
- ✓ Continuously improving through innovation, technology, and best practice

OUR COMMITMENT

- ✓ One point of contact – seamless delivery
- ✓ In-house expertise – no third-party delays
- ✓ Nationwide coverage – consistent quality across every project
- ✓ Strong partnerships – built on trust and performance

OUR PURPOSE

To be a trusted partner in the construction industry, delivering fire protection systems that are **safe, efficient, and built to last.**

We don't just install systems — we provide **confidence, compliance, and peace of mind** on every project.

OUR PROMISE

- ✓ We **do** what we **say**.
- ✓ We **deliver** what we **design**.
- ✓ We **protect** what **matters most**.

SAFETY FIRST

Our priority is always the safety of people and the communities we serve.

QUALITY ALWAYS

We deliver to the highest standards through expertise, care and attention.

PEOPLE FOCUSED

We value our team, our clients, and our partners. Together, we achieve more.

IMPROVING FUTURES

We invest in innovation and training to build safer, smarter environments.

DRIVEN BY QUALITY. BUILT ON TRUST. A SAFER FUTURE.

WHAT WE OFFER

SOLUTIONS THAT PROTECT. BENEFITS THAT LAST.

From initial consultation to final handover, we deliver complete fire protection solutions with safety, compliance and peace of mind at the core of everything we do.

OUR PROCESS – CONSULTATION THROUGH TO HANDOVER

CONSULTATION

We listen, understand your needs and provide expert advice.

DESIGN

In-house design tailored to your building and compliance needs.

PLANNING & COORDINATION

We manage approvals, programming and ensure a smooth project flow.

INSTALLATION

Professional installation by our experienced, accredited teams.

TESTING & COMMISSIONING

Rigorous testing to ensure full compliance and reliability.

HANDOVER & SUPPORT

Complete handover with ongoing support and maintenance options.

OUR OFFERINGS – COMPLETE FIRE PROTECTION SOLUTIONS

RESIDENTIAL SPRINKLER SYSTEMS

Protecting people and property in all types of residential buildings.

Benefits:

- ✓ Saves lives
- ✓ Minimises property damage
- ✓ Meets building regulations
- ✓ Increases building value

COMMERCIAL SPRINKLER SYSTEMS

Bespoke sprinkler solutions for commercial, industrial and public buildings.

Benefits:

- ✓ Proven life safety protection
- ✓ Reduces business interruption
- ✓ Insurance premium benefits
- ✓ Tailored to your risk profile

DRY RISERS

Essential fire-fighting infrastructure for multi-storey buildings.

Benefits:

- ✓ Enables effective firefighting
- ✓ Built to British Standards
- ✓ Low maintenance
- ✓ Reliable in emergencies

WET RISERS

Reliable and ready water supply for firefighting operations.

Benefits:

- ✓ Immediate water availability
- ✓ Supports faster response
- ✓ Compliant & dependable
- ✓ Protects lives and assets

NEW BUILD & RETROFIT

Complete solutions for new developments and upgrading existing buildings.

Benefits:

- ✓ Future-proof your building
- ✓ Cost-effective solutions
- ✓ Minimal disruption (retrofit)
- ✓ Fully compliant

IN-HOUSE DESIGN

Our expert design team creates efficient, compliant and cost-effective systems.

Benefits:

- ✓ Bespoke, buildable designs
- ✓ Faster project turnaround
- ✓ Cost optimisation
- ✓ Full compliance assurance

NATIONWIDE COVERAGE

Operating across the UK with local teams and national reach.

Benefits:

- ✓ Consistent service quality
- ✓ Quick response times
- ✓ Local support, nationwide
- ✓ One trusted partner

BUILDING SAFETY ACT – GATEWAY 2 ASSISTANCE

We help you meet Gateway 2 requirements with confidence.

Benefits:

- ✓ Expert documentation support
- ✓ Compliance & regulatory guidance
- ✓ Smooth approval process
- ✓ Peace of mind

ONE PARTNER. END-TO-END PROTECTION.
SAFER BUILDINGS. STRONGER COMMUNITIES. A SAFER FUTURE.

OUR ACCREDITATIONS

Our accreditations reflect our commitment to quality, safety, environmental responsibility and continuous improvement across every project we deliver.

RESIDENTIAL SPRINKLER ASSOCIATION (RSA) //

Members of the leading UK trade associations representing residential sprinkler contractors, promoting best practice and compliance and the adoption of life-saving sprinkler systems.

IFC SPRINKLERS //

Certified by IFC, the independent third-party certification scheme for the design, installation, commissioning and maintenance of fire sprinkler systems to the highest industry standards.

ISO 9001:2015 // QUALITY MANAGEMENT

Our Quality Management System ensures consistent delivery of high-quality service, meeting customer and regulatory requirements every time.

ISO 14001:2015 // ENVIRONMENTAL MANAGEMENT

We are committed to reducing our environmental impact and continually improving our environmental performance through effective management and responsible practices.

ISO 45001:2018 // HEALTH & SAFETY MANAGEMENT

Our Health & Safety Management System prioritises the safety and wellbeing of our people, clients and everyone who works with us on our projects.

CQMS SAFETY SCHEME //

CQMS Safety Scheme helps organisations manage health and safety compliance through rigorous assessment, verification and ongoing monitoring to the highest standards.

CONSTRUCTIONLINE GOLD MEMBER //

Achieving Gold Membership demonstrates our commitment to high standards in financial stability, health and safety, environmental management and quality assurance.

SSIP ACCREDITATION //

Award-winning SSIP accreditation recognised across public and private procurement for supply chain competence.

TRUSTED. ACCREDITED. COMMITTED.

Our accreditations are more than badges – they represent our dedication to doing things the right way, every time.

- ✓ Setting and maintaining the highest standards
- ✓ Delivering safe, reliable and compliant solutions
- ✓ Building trust through proven credentials

ACCREDITED STANDARDS. PROVEN COMMITMENT. A SAFER FUTURE.

DETECT & PROTECT
A SAFER FUTURE

SOCIAL VALUES & SUSTAINABILITY

**Building Safer Communities.
Delivering Responsible Solutions.**

At Detect & Protect, our responsibility goes beyond fire protection. We are committed to delivering social value, environmental responsibility, and long-term community impact across every project we undertake.

SUPPORTING LOCAL COMMUNITIES //

- ✓ Local labour and supply chain engagement
- ✓ Supporting apprenticeships and training opportunities
- ✓ Working respectfully in occupied buildings and live environments
- ✓ Delivering safe, compliant homes for residents

Outcome: Stronger communities, safer living environments, and local economic growth.

ENVIRONMENTAL RESPONSIBILITY //

- ✓ Efficient system design to reduce water and energy consumption
- ✓ Responsible material selection and waste management
- ✓ Minimising site disruption and environmental footprint
- ✓ Continuous improvement in sustainable working practices

Outcome: Smarter systems that protect both people and the environment.

RESPONSIBLE DELIVERY //

- ✓ Full compliance with Building Safety Act 2022
- ✓ Golden thread of information across all projects
- ✓ Digital reporting to reduce paper waste (Fieldwire integration)
- ✓ Right first time approach – reducing rework and waste

Outcome: Efficient delivery, reduced waste, and fully compliant projects.

SUPPLY CHAIN & PARTNERSHIPS //

- ✓ Long-term relationships with accredited suppliers
- ✓ Ethical procurement and responsible sourcing
- ✓ Collaborative working with Tier 1 contractors and consultants
- ✓ Commitment to quality, safety, and reliability

Outcome: Strong partnerships that deliver consistent results.

HEALTH, SAFETY & WELLBEING //

- ✓ Zero-compromise approach to health & safety
- ✓ Fully trained, competent workforce
- ✓ Safe systems of work across all sites
- ✓ Protecting residents, operatives, and stakeholders

Outcome: Safe delivery on every project, without exception.

OUR COMMITMENT //

“ WE DON'T JUST PROTECT BUILDINGS – WE PROTECT PEOPLE, COMMUNITIES, AND THE FUTURE. ”

CLIENT TESTIMONIALS

We are proud to partner with leading organisations across the construction, property and housing sectors, delivering trusted fire protection solutions that safeguard people, property and communities.

Vistry Group

NEW BUILD RESIDENTIAL SCHEMES ACROSS LONDON

Delivering high-quality fire protection solutions on residential developments in partnership with Vistry Group.

“

We are pleased to provide this reference for Detect and Protect Ltd. following their involvement in the Stage 5 design as part of our Gateway 2 submission for Cambridge Road Estate, Block C.

Despite being appointed late in the process and facing significant time constraints, Detect and Protect delivered their design work (for residential sprinklers, commercial sprinklers, and dry risers) with efficiency, agility and professionalism.

Their ability to coordinate effectively with the wider consultant team under pressure was particularly commendable, and they navigated the challenges without issue or delay taking the initiative to seek out the information they needed rather than waiting for direction.

This helped maintain momentum and ensured that design decisions were made swiftly and accurately. The advanced issuing of CAD files to the design team to assist with spatial coordination proved highly effective in accelerating the design process.

Throughout the engagement, their team demonstrated a proactive, collaborative attitude. They were consistently approachable, responsive, and solution-focused, making them a pleasure to work with. The quality of their design output met all expectations, and their contribution was integral to the successful, drama-free BSR submission.

We would not hesitate to recommend Detect and Protect for future projects and look forward to the opportunity to collaborate with them again.

RESIDENTIAL SCHEMES & PBSA NATIONWIDE

Design, installation and aftercare of sprinkler and wet riser systems for new-build PBSA and residential developments across the UK.

“

We are currently engaged with Detect and Protect Ltd to undertake the full design, installation, commissioning, and aftercare services for a comprehensive residential sprinkler and wet riser system at a new-build Purpose-Built Student Accommodation (PBSA) scheme in the City of London. The project comprises a 20-storey, 782-unit student accommodation development, including three shell-and-core floors designated for a museum space.

The services provided by Detect and Protect Ltd have been exemplary. Their team has delivered all aspects of the project to an exceptionally high standard, with minimal issues encountered throughout the process. They have played a proactive role within the wider design team, offering practical solutions to on-site coordination challenges, and have demonstrated a highly responsive and accommodating approach to aftercare, ensuring the building's operational needs are met effectively.

Furthermore, Detect and Protect Ltd has maintained an outstanding commitment to health and safety throughout the project. All necessary documentation and procedures have been meticulously adhered to, with no significant issues arising over the course of the project.

Based on our experience, I would not hesitate to recommend Detect and Protect Ltd for any future sprinkler or fire protection contracts. I am confident that their expertise and professionalism would be a valuable asset to any contractor or project team considering their services.

Should you require further information or wish to discuss their capabilities in greater detail, please do not hesitate to contact me directly.
